The Food Pyramid

The food pyramid is a chart that gives us guidelines on eating correctly. It has 4 levels and 6 groups. The lowest level is the largest and consists of grains – bread, cereals, rice and pasta. These are the foods that should make up the largest portion of our diet. The next level consists of fruits and vegetables. Fruits and vegetables are an important part of our diet because they contain lots of vitamins and fiber. On the next level we have the meat group and the dairy group. Meats and dairy are important because it gives our body's protein and calcium which allows us to grow. Meats consist of beef, pork, chicken, fish, beans, nuts and eggs. Dairy consists of milk, cheese and yoghurt. On the top of the pyramid is the fats, oils and sweets group. We should eat very little of these to stay healthy.

MY FAVOURITE FOOD

Hello. My name is Sarah. I'm twelve years old and I live in London. I have a big family: I live with my parents and my twin sisters Jane and Sue. Everybody thinks we have the traditional English breakfast: fried bread, sausages, bacon and eggs, tomatoes, baked beans and mushrooms...ah ah! But there is no time, of course! We usually have a glass of milk with bread and butter or cereals like corn flakes. I prefer my cereals with yoghurt. I have a snack in the morning: always a piece of fruit.

I have lunch at about one o'clock. My favourite food is spaghetti with meat balls and a fresh glass of orange juice. I don't like rice. For dessert I love vanilla ice cream. Yummy! In the afternoon I normally eat a cheese sandwich. At about half past eight we have dinner. We always eat soup. I like vegetable soup very much. We often have fish and salad.

After dinner we like to watch "Matilda Ramsay" or "MasterChef" on TV. Before I go to bed, I like to drink hot chocolate. My parents prefer drinking tea.
